

Research Task

Before you come to Appleton we'd love you to do a bit of Spanish-related research and share your findings with us. You could find out about...

- a country where Spanish is spoken
- a famous person who speaks Spanish
- food from a Spanish-speaking country

If you can't decide what to research, why not pick one of the images below and explain how it is linked to Spanish?

Follow this link to write about what you've found out – you can write in English for now!
